TRUCKS

Ron Hall, [C.R. England](#)

Ron will tell us about the trucking industry and electric and hydrogen-powered trucks.

Tuesday, February 9 - Virtual Meeting, 12 Noon

CLINICAL HYPNOTHERAPY FOR BETTER LIVES

Craig Bickmore, [New Car Dealers of Utah](#)

My presentation will be mostly done on a white board along with a discussion of the basic principles of hypnosis and hypnotherapy. It is very basic and logical. Having spent 30 years learning, understanding, sharing and using the principles of Hypnotherapy in business, family and in clinical settings, I am still amazed at its power. Once we understand what our "Barriers in Beliefs" are and get past them, geometric growth and advancement happens. We will illustrate in simple form how and why hypnotherapy works.

Tuesday, February 16 - Virtual Meeting, 12 Noon

NHMU: A RESILIENT INSTITUTION

Jason Cryan, Executive Director, [Natural History Museum of Utah](#)

Dr. Jason Cryan, the relatively new leader of the NHMU, will introduce himself and the remarkable Museum, recap a most unusual 2020, and discuss the future. In 2020, the Natural History Museum of Utah celebrated its 50th Anniversary. In five decades, NHMU has grown from its humble beginnings on the U's President's Circle to its current prominence as a world-class museum of science and culture and a significant tourism destination. The Museum is navigating the novel challenges created by the COVID-19 pandemic, staying relevant to the community, and actively planning for its future.

Tuesday, February 23 - Virtual Meeting, 12 Noon

REVITALIZING, RECONNECTING, AND REDEVELOPING SLC

Danny Walz, Chief Operating Officer, [Redevelopment Agency of Salt Lake City](#)

Salt Lake City's real estate development continues to thrive in the face of national economic challenges. Hear about the forthcoming large-scale projects that are poised to change Downtown's skyline, and how the Redevelopment Agency's work is supporting, complementing, and sparking commercial, mixed-use, and residential projects across the City. Danny will give an overview of the RDA's mission/values, and review a handful of SLC's in-progress Downtown projects, and also discuss projects the RDA is involved with that are happening outside of the Downtown core.

Thank you!

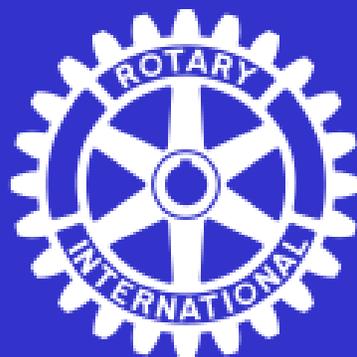

Dear Club 24 Social Committee,

I just received your delightful “Rotarians’ Holiday Memories”. What a wonderful publication! Thanks to each of you for your efforts in producing this. In a time of “social, mental and emotional distancing” – you just narrowed the distance for us all. And thanks to all Rotarians who submitted something for this publication! In fact, this was so good, I’d love to see it continued in the future – even when we are able to meet.

Charles Dahlquist

Rotary has been working to eradicate polio for more than 30 years.

Thanks to XMISSION for
hosting us on the web.

Since 1988, we've seen a worldwide reduction in polio cases of 99.9%.
For more than two years, we've seen wild polio cases in only two countries,
Afghanistan and Pakistan.
